

Speaker's Schedule - 2011 Congress

Fr. Dave Timmerman & Cathy Robertson

Friday Evening Presentation

“Resurrection and Rejoicing”

Fr. Dave is Spiritual Director for the Kairos TEC Community. He is a member of the TEC Conference Spirituality Ministry team. He has been involved in TEC for 26 years and has been involved in over 50 TEC weekends.

I was graced with my first TEC experience in 1989, as it was an answer to prayer for me that I had prayed at the daughter of some close friend's funeral. Therefore, living Paschal Mystery Spirituality and seeing the fruit of it has been a part of my life even before my first TEC experience. I'm a firm believer that the "Resurrection and Rejoicing" makes the dying process much easier. I have worked in several positions and on many weekends in our local Kairos TEC but primarily have done the Spiritual Director or Asst. Spiritual Director role. I've served on our local TEC Board for 2 terms, I've attended many TEC Conventions/Congresses, attended a Renewing the Vision of TEC and have been a trainer for it, and currently am a Co-State of Wisconsin Rep on the National level. I'm a widow and the mother of 3 children. I've always lived in the Midwest, and treasure the memories that have been made and people that I've met because of TEC.
